It’s the biggest story of our time. Hollywood’s brightest stars and today’s most respected journalists explore the issues of climate change and bring you intimate stories of triumph and tragedy. YEARS OF LIVING DANGEROUSLY takes you directly to the heart of the story in this awe-inspiring and cinematic documentary series event from Executive Producers James Cameron, Jerry Weintraub and Arnold Schwarzenegger. YEARS OF LIVING DANGEROUSLY premieres Sunday, April 13 at 10 PM ET/PT – only on SHOWTIME.

Correspondents:

Jessica Alba  Harrison Ford  M. Sanjayan
Mark Bittman  Thomas Friedman  Arnold Schwarzenegger
Don Cheadle  Michael C. Hall  Ian Somerhalder
Matt Damon  Chris Hayes  Lesley Stahl
America Ferrera  Olivia Munn

Each correspondent delves into a different impact of climate change – from the damage wrought by Superstorm Sandy in the tri-state area to political upheaval caused by droughts in the Middle East to the dangerous level of carbon emissions resulting from deforestation. The project will portray the current and intensifying effects of climate change on everyday Americans and demonstrate how they can take action and be part of the solution.

YEARS OF LIVING DANGEROUSLY will combine the blockbuster storytelling styles of Hollywood’s top movie makers, including James Cameron and Jerry Weintraub, with 60 Minutes’ Joel Bach and David Gelber’s reporting expertise to reveal critical stories of heartbreak, hope and heroism as the race to save the planet continues.

Executive Producers:

James Cameron  Jerry Weintraub  Arnold Schwarzenegger
Dan Abbasi  Joel Bach  David Gelber

Co-Executive Producers:

Solly Granatstein  Maria Wilhelm

Chief Science Advisors:

Heidi Cullen, Ph.D.  Joe Romm, Ph.D.
